Annual Sexual Assault Survivors Conference Registration

The Statesboro Regional Sexual Assault Center is setting the standard to provide survivors of sexual violence with a conference centered on their well-being, strength, and healing. This annual event will be held on Saturday, September 24th, 2016. The conference is centered around healing, moving forward, and positive change for survivors of sexual assault.

Our goals for the conference are to provide survivors of sexual assault and sexual violence with healthy avenues of coping, an open place for expressions of hope and endurance, as well as providing family and friends with the education and understanding required to help along the way.
